Brian O'Neill Jr Foundation

Lee O'Neill is the President of the Brian O'Neill Foundation. Lee is a wife and mother of 4. She is the mother of Brian O'Neill, Jr. She graduated with a Social Work degree in 1992. She has experience working with homeless, children, CPS, guardianship, nursing homes and for the last 15 years in the hospital setting working with many demographics. She has worked on numerous committees throughout the years which has included participating in developing a program in identifying substance exposed infants and providing resources to mothers/families and making policy changes for various causes. She is also a licensed Accredited Case Manager who prides herself on being resourceful and helping others get connected to those resources.

We are hopeful with the ideas and talents of others, we will be bringing a community program that supports empowerment and inner strength building to prevent suicide and bring awareness. Our other goal is to support and promote the resources and programs that already exist in our community that have the same vision. We are also introducing and supporting Sources of Strength in our school system and community. A program whose mission is to "provide the highest quality evidence-based prevention for suicide, violence, bullying and substance abuse by training, supporting, and empowering both peer leaders and caring adults to impact their world through the power of connection, hope, help and strength".
