District 7360 | Club 5296

Organic Farming

Presented by: Taco Olmstead

Taco Olmstead, organic farmer, spoke to our club about the benefits of a healthy lifestyle to include eating locally grown produce. He began his farming journey to help his wife beat cancer. He spends much of his time researching the various benefits of organic farming. To say Taco is passionate about this topic is an understatement for sure! Some of the key takeaways from his talk was that the soil you grow your crops in could be the most important element as far as nutritional value. In addition, he discussed the importance of eating microgreens daily. Lastly, shop local at a farmer's market near you!!

Purple Kale petites are ready to go!

**June 19 is
Juneteenth**

Juneteenth is a United States federal holiday, celebrated annually on June 19.

It commemorates the end of slavery in the US on June 19, 1865, when Union Army general Gordon Granger proclaimed freedom for slaves in Galveston, Texas, the last state of the Confederacy with institutional slavery.

The Word Juneteenth is a portmanteau (a blend of words in which parts of multiple words are combined to form a new word) of June and nineteenth.

Juneteenth was made a federal holiday by President Joe Biden on June 17, 2021. It is the 11th federal holiday in the US and the first new federal holiday in nearly 40 years after Martin Luther King Day was designated in 1983.

GALA

you are invited
to the
