### About Geocaching

New to geocaching? Have no idea what it is? No problem! We have caches for all experience levels. Geocaching is a treasure hunt that combines the use of technology and the outdoors that engages folks through GPS tracking and clues to find cache boxes. Caches can look like anything, from a tupperware container to a birdhouse or fake rock, and can either be hidden or in plain sight. Once a cache is found and opened, geocachers sign the log book inside the cache and return it to its hiding place before moving on to the next challenge!

Ready to start your first hunt? Create an account at [geocaching.com](https://www.geocaching.com) and get caching!
